15. Multidisciplinary / interdisciplinary

A holistic and multidisciplinary education is essential to develop all capacities of human beings- intellectual, aesthetic, social, physical, emotional and moral in an integrated manner. While Interdisciplinary and multidisciplinary education have become a part of the curriculum with the introduction of the CBCS system the approach towards interdisciplinarity is expected to get a renewed impetus with the advent of NEP. During the lockdown period the College also took initiative to conduct online video lectures so that learning of our students remain unhindered.

The NEP-2020 itself encourages multidisciplinary and interdisciplinary approach towards education. This is evident from the curriculum structure of the Under Graduate up to 3 semesters. More and more seminars, special lectures and workshops will be organized which will be interdisciplinary.

16. Academic bank of credits (ABC):

According to academic bank of credit (ABC) as part of the National Education Policy, students will be given multiple entries and exit options, which will allow students enrolled in undergraduate (UG) and Post graduate (PG) programme to exit course and enter within stipulated period. Jawahar Lal Nehru College is preparing to register under the ABC to allow the students to avail the benefit of multiple entries and exit during the chosen programme, and to enable credit transfer. We believe that it would be highly beneficial for slow learners and also provide flexibility to students to learn as per their ability and convenience. Our College is affiliated to Kolhan University and completely follows the University curriculum framework and will implement Academic Bank of Credits framework as per directives of the Higher Education Department, Government of Jharkhand and the Kolhan University.

- In keeping with the curriculum of the affiliating University, the college has adopted the Choice-Based Credit System (CBCS) which allows students to choose their preferred Discipline specific Elective courses.
- Adequate preparation is going on for the creation of necessary digital infrastructure to extend the facility of ABC to the students of our college.

17.Skill development:

Since the introduction of CBCS, an increased emphasis is being laid on the holistic development of students, hence the introduction of compulsory skill-enhancement course which will be further augmented with addition of compulsory value added courses in NEP framework. The aim is to make students employable and self reliant in keeping with the philosophy of "Atmanirbhar Bharat". Our Institution along with IQAC are aware of this mission and aims to arrange for special Knowledge and soft skills for students in future. Life-skills like Yoga related awareness and programmes were already conducted in our college.

Since at present we are facing the COVID lockdown from March, 2020 onwards, so all classes are arranged in online video lecture format with full enthusiasm. Teachers are engaging themselves in how to deliver best study materials for our students even from such distance so that students do not face any difficulty in their learning. It is expected that the courses can be resumed post lockdown.

18.Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course)

As mentioned in our mission statement Jawahar Lal Nehru college makes effort to Inculcate a sense of ethics and respect amongst all its family members as well as heritage of our society .We realise the necessity of integrating the Indian Knowledge system into the curriculum for inculcating in its students the importance of the nation's rich cultural and linguistic/literary heritage.

- Our college primarily caters to a rural population with many of its students being first generation learners. As such the college ensures that all the courses are taught bilingually, that is, in English as well as in hindi.
- The college has a number of language departments namely Bengali, Hindi, English, Odia, Urdu and etc. Apart from that, the departments of History and Philosophy have modules that emphasize on language, culture, and traditions of our country like vedas and Upanishads as well as Indian mythology.. The college promotes as a best practice "medicinal plants" inside its campus, where variety of plants are cultivated and their medicinal values prominently displayed.
- Our college annually celebrates "Yoga Day" for students.

19.Focus on Outcome based education (OBE):Focus on Outcome based education (OBE):

The basic philosophy of Outcome-based education (OBE) is an educational theory in which the success of an educational program is based on the achievement of outcomes expressed in terms of academic standards of knowledge, understanding, skills, attitudes and values.

- Being a constituent college, there is limited scope of flexibility with respect to framing of syllabus .However, at the beginning of every academic session and semester, the students are made aware of the Programme Outcomes during the class interaction (i.e. why a particular topic is there in the class and how does it relates to their practical life).
- We are trying to develop Outcome Based Education by making the teachers and students more responsive, task and goal oriented. The classes will be oriented in such a way that the students will clearly know what is ought to be known by them and the teachers will teach what ought to be taught to the students in order to make the education goal oriented.

20.Distance education/online education:

Our Institution does not have the necessary affiliation to offer distance education programs. However our college realises the importance of this mode of transfer of knowledge especially for working professionals or older people who otherwise do not have the eligibility to enroll for a full-time course.

- Prior to the pandemic induced lockdown, offline materials were given to students for their home study. We are curenly trying to make an online platform in the collge website where all lecture notes and study materials of the respective departments will be shared.
- E-resources in the form of video lectures were also posted on college website.
